

Drivve, LLC is an innovative, award-winning developer of software solutions and services that streamline and improve document intensive business processes.

Drivve helps its customers realize tangible costs savings by optimizing the entire document lifecycle, from image capture and processing, to document management and workflow, to print and output management and everything in between, including the re-purposing of business information and corporate know-how.

Drivve is a market leader in the field of mobility solutions and Cloud-based services, delivered through a best-in-class user experience, based on excellence in design.

With operations across North America and Europe, Drivve markets, sells and supports its products and services through a global network of distributors and resellers. For more information, please visit www.drivve.com
